

**BE
CREATIVE**
MAKE MORE OF YOUR FLOOR

HELLO, HERE I AM!

A great advertising opportunity that often goes unrecognized

Did you know that 99 % of people look towards the floor when they enter a building? They do this instinctively, to check where they are going.

This behaviour also provides a fantastic promotional opportunity...

...and we can help you take full advantage of that!

For more than 50 years Kleen-Tex has been producing high quality mats and during that time we have refined our technologies to offer high quality print and colour specifications to help you to create mats with the WOW! Factor.

We have a wide range of mat finishes, enabling you to choose the kind of mat that best suits your needs. So, whether you want to reinforce your brand, highlight special offers or messages or do something really spectacular, we can help.

SIX QUESTIONS FOR A PERFECT MAT SOLUTION

We have the right mat for any location or purpose! To find out which one of our products suits you best, please answer the following questions:

- 1. Place of use – where will you place your mat?
- 2. How long should the product be used?
- 3. What is your design?
- 4. How many and which colours do you need for your design?
- 5. Size and number of mats?
- 6. Do you have a particular budget for the mats?

With your information we'll be able to give you an offer specially tailored to your needs.

JET-PRINT

HIGH PERFORMANCE BESPOKE MATS THAT CREATE A GREAT IMPRESSION

With a standard range of 44 amazing colourways to choose from, you can really go to town and create a bespoke mat that grabs attention. The Jet-Print can be customised to your desired size and design and still performs well in terms of dirt capture.

YOUR COLOUR AND DESIGN OPTIONS:

44 standard colours from our colour palette (please see pages 34 and 35). Special colours going by Pantone, HKS or RAL possible for a surcharge.

ARTWORK / DATA TRANSFER:

Details for artwork / data processing and transfer can be found in the description on pages 32 and 33.

RECOMMENDED APPLICATIONS:

Entrances | Corporate Identity | Point of Sale

COMPOSITION:

High pile from strongly twisted yarn

Surface material: 100 % High-Twist Nylon

Backing: 100 % Nitrile Rubber

SIZES:

Standard widths (incl. borders):

60 cm, 75 cm, 85 cm, 115 cm, 150 cm and 200 cm

Standard lengths (incl. borders):

Each length up to 400 cm

Excess length up to 700 cm

Special sizes upon request

MINIMUM ORDER QUANTITY: 1 piece

GUARANTEE: 5 years Manufacturers Guarantee*

PRINT METHOD: Chromojet

* 2 years under industrial laundry conditions

JET-PRINT LIGHT

LIGHTER AND MORE ECONOMICAL THAN THE JET-PRINT

These mats are printed using exactly the same process as the Jet-Print, but the pile and rubber have been slightly trimmed, to make the mat lighter to handle and more economical to purchase whilst still offering great print quality.

YOUR COLOUR AND DESIGN OPTIONS:

44 standard colours from our colour palette (please see pages 34 and 35). Special colours going by Pantone, HKS or RAL possible for a surcharge.

ARTWORK / DATA TRANSFER:

Details for artwork / data processing and transfer can be found in the description on pages 32 and 33.

RECOMMENDED APPLICATIONS:

Entrances | Corporate Identity | Point of Sale | Giveaway

COMPOSITION:

Medium height pile from strongly twisted yarn

Surface material: 100 % High-Twist Nylon

Backing: 100 % Nitrile Rubber

MINIMUM ORDER QUANTITY: 50 sqm

PRINT METHOD: Chromojet

EVENT-MAT

A woman is seen from behind, walking away on a red carpet. She is wearing a long, flowing, teal-colored gown with a fitted bodice and a full skirt that trails behind her. She is also wearing silver high-heeled shoes. The red carpet has large, stylized white letters on it, including 'EVENT-MAT'. In the background, several photographers are crouching or kneeling, holding cameras and taking pictures. The scene is set in front of a white building with arched doorways. The overall atmosphere is that of a high-profile event or premiere.

STAND OUT FROM THE CROWD WITH SUPERB GRAPHIC QUALITY

A wonderful opportunity to make floor space work for you is achieved by using our customised Event-Mat. Available in a wide range of lengths and widths and with superb graphic quality, these mats are perfect for events and exhibitions.

YOUR COLOUR AND DESIGN OPTIONS:

44 standard colours from our colour palette (please see pages 36 and 37) or photorealistic printing according to RGB 1998. Special colours going by Pantone, HKS or RAL possible for a surcharge.

ARTWORK / DATA TRANSFER:

Details for artwork / data processing and transfer can be found in the description on pages 32 and 33.

RECOMMENDED APPLICATIONS:

Events | Trade Shows

COMPOSITION:

Low pile, velvety velour appearance
Surface material: 100 % Polyamide 6
Backing: 100 % Latex WV

SIZES:

Every size up to a maximum width of 200 cm possible
Maximum length: 20 m
Depending on size, one cut will be charged

MINIMUM ORDER QUANTITY: 1 sqm

PRINT METHOD: Chromojet

KLEEN-WAY RUBBER

MAKE A STATEMENT WITH THIS EXTRA-LONG RUNNER MAT

This is the mat to add the WOW! Factor to your premises. Available up to 20 metres long, and in 44 standard colours, this mat helps you make a statement as well as doing a sterling job as a dirt catcher.

YOUR COLOUR AND DESIGN OPTIONS:

44 standard colours from our colour palette (please see pages 36 and 37). Special colours going by Pantone, HKS or RAL possible for a surcharge.

AD-MAT

The advertisement shows a close-up of a car wheel with a multi-spoke alloy rim and a Continental tire. Below the wheel, a magazine or brochure is spread out on a light-colored tiled floor. The magazine cover features the Continental logo and the slogan "The Future in Motion". It also displays several award logos: ALTO (Autosport), E-CLASSIC (Eurosport), ADAC (German Automobile Club), and auto motor und sport. The cover image shows two Continental tires on a road, with a snowy mountain landscape in the background. The text "Herzlich willkommen." is visible at the bottom left of the magazine cover.

ARTWORK / DATA TRANSFER

JET-PRINT PRODUCTS, KLEEN-WAY RUBBER, KLEEN-KOMFORT DESIGN, EVENT-MAT

All vector graphics, which can be processed with Adobe Illustrator, Corel Draw or InDesign. Pixel graphics must be high resolution (at least 300 dpi) and created in scale 1:1. Ideally the file should be created in the Adobe RGB (1998) colour profile and can be processed with Adobe Photoshop, Adobe InDesign or Corel Photo-Paint.

File formats: Pixel graphics: JPEG, TIFF, BMP, PSP, PSD, GIF
Vector graphics: EPS, CDR, AI, FH, PDF

Do not write too much on the mat. Use large font (at least 5 cm, for Jet-Print Velour 2.5 cm), so it's readable on the mat! Use combinations of colours that are rich in contrast. If this is not possible, such as with green and grey side by side, then try to border the image or type in black or apply shadows which are rich in contrast. Do not place the images too close to the border, but leave at least 5 cm between border and design.

Avoid white on the mat, it gets dirty fast. Light colours, i.e. light grey are not a good choice as a background. Use dark or patterned backgrounds. Marble patterns and speckled backgrounds enhance the image and hide dirt better than unicoloured backgrounds.

BIG-SIZE

All vector graphics, which can be processed with Adobe Illustrator, Corel Draw or in Adobe InDesign.

PATIO

All vector graphics, which can be processed with Adobe Illustrator, Corel Draw or Adobe InDesign. Pixel graphics must be high resolution (at least 300 dpi) and created in scale 1:1 and be processable with Adobe Photoshop, Adobe InDesign or Corel Photo-Paint.

File formats: Pixel graphics: JPEG, TIFF, BMP, PSP, PSD, GIF
Vector graphics: EPS, CDR, AI, FH, PDF

Font size minimum 20 mm, font thickness minimum 3 mm with dark fonts on bright background. For bright fonts on dark background fontweight 4 mm. Minimum distance to border at least 2 cm.

BAR-MAT, AD-MAT

Create vector and pixel graphics in Adobe InDesign. File must be compatible with Adobe Creative Suite CC (2018). Compress file with ZIP. Colours can be chosen out of CMYK.

File format: INDD (Adobe InDesign)

AURA

Vector graphics (EPS, CDR, AI or PDF) or pixel graphics at least 300 dpi, in scale 1:1 (JPG, TIFF, BMP, PSP, PSD or GIF).

FLARE

Vector graphics (EPS, CDR, AI or PDF) or pixel graphics at least 150 dpi, in scale 1:1 (JPG, TIFF, BMP, PSP, PSD or GIF).

APPLICABLE TO ALL DATA/GRAPHICS: CONVERT ALL TEXT TO OUTLINES.

LEGEND

FULLY WASHABLE UP TO 60 °C

These mats are fully washable and can be washed in a washing machine as needed up to 60 °C. These mats can be dried in a tumble dryer. We advise you to wash your washable mats regularly.

WASHABLE UP TO 40 °C

These mats are washable and can be washed in a washing machine as needed up to 40 °C. These mats can't be dried in a tumble dryer. We advise you to wash your washable mats regularly.

LIMITED WASHABILITY UP TO 30 °C

These mats have limited washability.

CARPET OR VACUUM CLEANING

We recommend regular cleaning with vacuum cleaners in order to prevent the dirt from accumulating and pressing itself on the mat floor. In areas that are heavily frequented we suggest the daily use of vacuum cleaners.

MOP CLEANING

In order to maintain cleanliness and functionality, we recommend occasional cleaning to keep your mats clean.

HOSE WASH

Rinse off the mat with clean water, or spray down with a hose if you want to blast off any dirt or other items on the mat. You may need to rinse multiple times.

SPECIAL SHAPE

Let your ideas takes shape with our special shape option. In addition to our extensive product selection, we now offer the possibility of special shapes for certain products. Talk to us about your ideas, we will be pleased to advise you.

FIRE CERTIFICATION EN 13501-1

All those products, which comply with the fire protection classification EN 13501-1, are classified with this symbol. This EU-classification describes the performance of the mat according to the norm ISO 9239-1.
