New this Autumn/Winter

Introducing Turtle Mat's new Autumn/Winter collection, bringing together a versatile mix of classically British and contemporary design. The latest range reflects a continued focus on thoughtful styling for the home, combining seasonal influences with enduring everyday appeal.

New greeting-inspired designs introduce warmth, personality and a welcoming feel to the doorstep, sitting alongside Autumn and Christmas launches that draw on rich colour palettes and festive motifs that offer strong opportunities for seasonal merchandising. Alongside these designs, classic geometric patterns and timeless countryside-inspired motifs continue to showcase Turtle Mat's distinctly British design appeal.

The collection also introduces new designs across Turtle Mat's established licensed ranges, including collaborations with Dee Hardwicke, Morris & Co., Sanderson and Scion Living. These collections continue to reflect a strong alignment between recognised design heritage and Turtle Mat's longstanding focus on quality and functionality, while providing retail partners with access to well-established and enduring brands.

Dee Hardwicke's new collection is inspired by the beauty and character of the British countryside. Drawn from seasonal walks, flourishing gardens and the changing landscape, each design begins as one of Dee's original sketches and watercolours. The result is a thoughtfully crafted range that captures the colour, charm and comforting spirit of nature for the home.
